

Hello,

Meghan and I wanted to thank you all for the opportunity to meet with you in our first Nearpod training. We are so excited to hear what Nearpod can do for you and the rest of the teachers who use it.

Here's the full blown training Nearpod that we shortened for our session. It is self-paced so you may check out some of the features you wanted to learn more about. Send us any of your questions as we work to schedule the second training!
